

PLANTS AND PEOPLE

The Timucua Indians had to rely upon their environment to supply their everyday needs. They knew which plants in nature were good for building, medicine, food, and other uses. Many of the plants used by the Timucua can still be seen in northeast Florida today. Using the chart below, identify the plant shown and its uses.

	<p>Plant name: _____</p> <p>Description of use:</p>
	<p>Plant name: _____</p> <p>Description of use:</p>
